will display the next 5 memories.

5. Press the Main Menu button  to close the dialog box.

Sewing Functions

Stitch Selection

Main Menu

1. On the Main Menu screen, touch the Utility stitches icon . (If the Welcome screen is active, you will

need to press the Main Menu button  to access the Main Menu screen).

2. Press the Right Arrow button  to move from screen to screen to view the stitches in this category.
3. Touch the icon for the stitch of your choice. The stitch Menu for your selected stitch will be displayed on the screen.

Stitch categories that display an arrow to the side have subcategories. They will be displayed when you touch the icon.

Number Selection

1. Press the Number Selection button . The selection by number screen is displayed.
2. Enter the desired stitch number. The stitch number is displayed in the upper left of the box.
3. Touch OK  to select or esc  to cancel.

Touch the delete icon  to erase an incorrect entry. If a stitch number is entered that does not exist, a dialog box opens with the message "invalid pattern number". Touch the message box to close. Erase the incorrect stitch number and enter the desired stitch number.

All Stitches

1. From the Main Menu , touch the All Stitches icon .
2. Press the arrow buttons  to scroll through the stitches. You can access every machine stitch by scrolling from screen to screen using the arrow buttons  or touching & dragging your stylus along the scroll bar.

Direct Selection

1. From the Main menu , touch Utility stitches .
